REMARKS

Applicants thank the Examiner for opportunity to correct the discrepancies between Figures 4 and 14 and the written description of said Figures. The discrepancies were due to inadvertent oversights (in the case of Fig. 4B) or typographical errors (in the case of Fig. 14B), and have been amended to place the application in condition for allowance.

Each of these amendments is fully supported by the specification and claims as originally filed, and none of them adds new matter. Support for the amendment to paragraph [0024] can be found in paragraph [0094], and support for the amendment to paragraph [0036] can be found in paragraph [0139]. Applicant respectfully requests reconsideration of the invention as now claimed.

Conclusion

Applicant respectfully submits that all parts of the application, including the currently amended Figure descriptions, are in condition for allowance and he earnestly solicits prompt issuance of a notice to such effect. Of course, if any issue remains outstanding that may be addressed without the need for an additional formal action and response thereto, the Examiner is encouraged to telephone the undersigned in order to resolve such issue(s).

Respectfully submitted,
